WASHABLE AND REUSABLE FACE MASKS

Mask for adults composed of two layers of polyamide fabric.

Washable at 60°, performance tested and guaranteed for at least 50 washes.

We use a high-quality polyamide fabric, resistant to many washes, even at high temperature, without affecting its filtration capacity.

The elastic of our masks is also made of 100% polyamide which strengthens the longevity of the product.

This mask was designed following the standards and recommendations of AFNOR and ANVISA.

USE AND CARE INSTRUCTIONS

- Individual use only, do not share the mask with anybody;
- The mask should be used for about 2 hours. After 2 hours you need to change the mask and wear a new one.
- If the mask becomes wet for whatever reason (sweating, cough, etc.), change the mask.
- Use the mask every time you leave home. Always when you leave home, take a few spare masks with you and bring a plastic bag to put the used mask in after you have changed it;
- Wash your used masks with soap and water. Let them soak for ten minutes and dry flat. Your mask is ready to use again when dry.

This device is neither a medical device in the meaning of the EU/2017/747 Regulation (surgical masks) nor personal protective equipment in the meaning of the EU/2016/425 Regulation (respirator)

EARLOOPS AND HEADBANDS

The mask is equipped with a long adjustable tie, which should be tied at the nape of the neck to perfectly fit your face. If you prefer to attach the mask behind your ears, just cut the tie and tie it in order to form two earloops. Do not hesitate to watch the instructional video below:
